

01. Project Overview

This web application is an interactive college research assistant designed to help students explore, compare, and organize information about universities in a structured and user-friendly way.

02. Version history

V1

V2

Supported Colleges

- Single predefined college only

Query Input

- Basic text input

Deep-Dive Expansion

- Not supported

College Comparison

- Not supported

Language Support

- English only

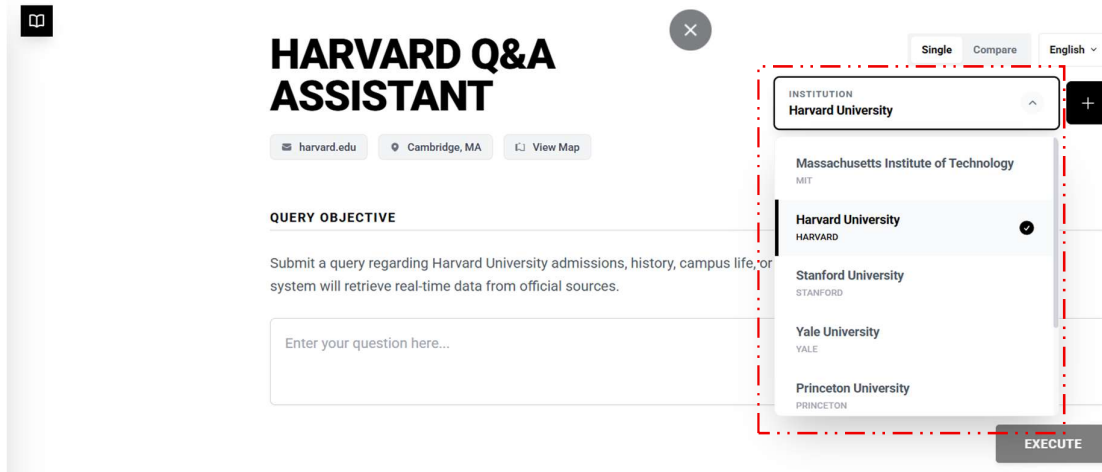

Research History

- Not available

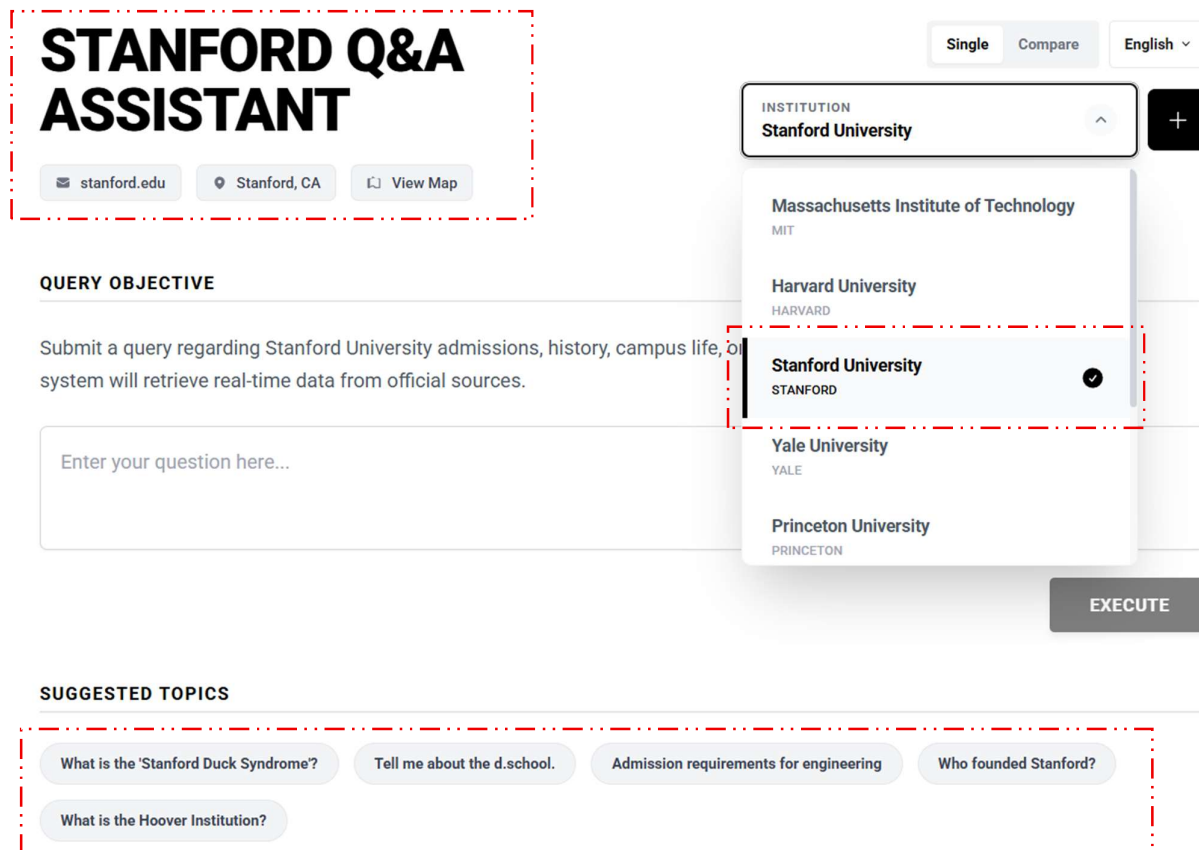

- Multiple colleges with custom add option
- Enhanced input with autocomplete and suggestions
- Expandable bullet points for additional details
- comparison between two colleges
- Multi-language response support
- Local session history and query restoration

03.College Selection Function

This feature allows users to select a university from a predefined list

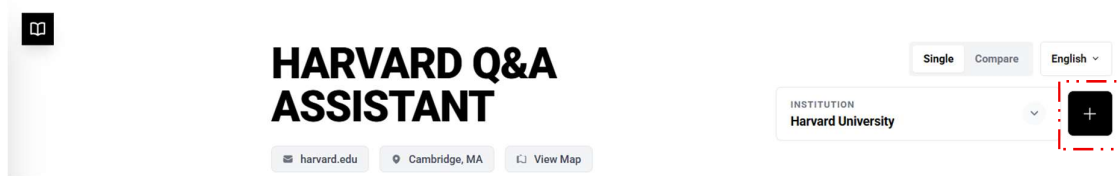

Automatic Website Update After College Selection

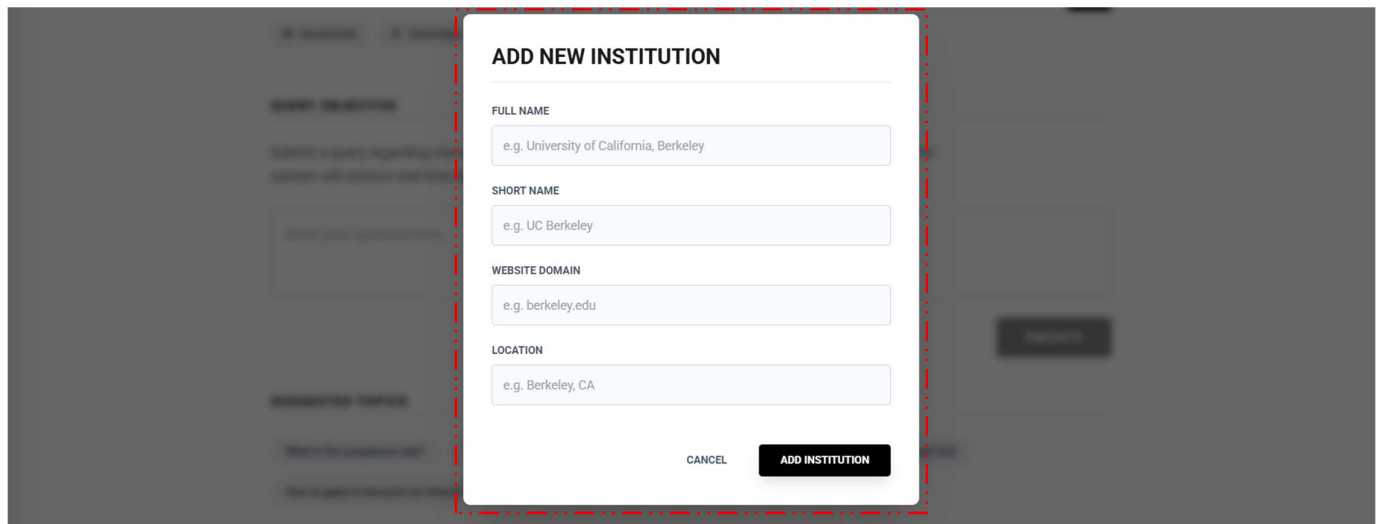

04. College Add Function

This feature allows users to add a new university

Users can input custom college details

Automatic Detail Autofill: The system attempts to identify and populate common fields such as short name, domain, and location to reduce user effort.

05. Query Input System

Auto-Complete & Query Suggestions

QUERY OBJECTIVE

Submit a query regarding Stanford University admissions, history, campus life, or academic programs. The system will retrieve real-time data from official sources.

Academic

AUTO-COMPLETE & CORRECTIONS

What academic programs are offered at Stanford University?

What are the academic requirements for admission to Stanford University?

What academic resources and support services are available to students at Stanford University?

06. Answer Generation

The application processes user queries and generates structured, easy-to-read responses based on publicly available information from official university sources.

QUERY OBJECTIVE

Submit a query regarding Stanford University admissions, history, campus life, or academic programs. The system will retrieve real-time data from official sources.

What academic programs are offered at Stanford University?

Stanford University offers a wide range of academic programs, including undergraduate majors, joint majors, minors, honors programs, interdisciplinary programs, and coterm programs. The university is organized into seven academic schools:

- **Schools with both Graduate and Undergraduate Programs:** 🔍
- Humanities and Sciences (encompassing twenty-seven departments) 🔍
- Engineering (with nine departments) 🔍
- Sustainability (with nine departments) 🔍
- **Schools with Graduate Programs Only:** 🔍
- Law 🔍
- Medicine 🔍
- Education 🔍
- Business 🔍

Some of the most popular undergraduate majors include Computer Science, Biology, Engineering, Economics, and Cognitive Science. Graduate degrees offered include Master of Arts (MA), Master of Fine Arts (MFA), Master of Liberal Arts (MLA), Master of Public Policy (MPP), Master of Science (MS), Engineer (Eng), Doctor of Musical Arts (DMA), and Doctor of Philosophy (PhD).

SUGGESTED FOLLOW-UP QUESTIONS

What are coterm programs?

Can you list some specific departments or majors within the School of Humanities and Sciences?

Could you provide examples of interdisciplinary programs or joint majors?

Stanford University's tuition and fees are reported as follows:

- For the 2025 academic year, undergraduate tuition and fees are projected to be \$65,910, and graduate school tuition and fees are \$61,878. 
- For the 2023-24 school year, undergraduate tuition and fees were \$62,484. Graduate school tuition and fees for 2023-24 totaled \$59,499, which included \$58,7467 in tuition and an additional \$753 in fees. 

Users can expand individual bullet points to view additional contextual details without overwhelming the main response.

Stanford University's tuition and fees are reported as follows:

- For the 2025 academic year, undergraduate tuition and fees are projected to be \$65,910, and graduate school tuition and fees are \$61,878. 

For the 2025 academic year, Stanford University projects undergraduate tuition and fees to be \$65,910, while graduate school tuition and fees are set at \$61,878. It is crucial to note that these figures represent only tuition and mandatory fees, excluding additional substantial costs such as room, board, books, and personal expenses, which typically push the total estimated cost of attendance for undergraduates beyond \$90,000 annually. For graduate students, while this represents a significant investment, many receive financial support through departmental assistantships, fellowships, or stipends that can considerably offset the tuition burden.

- For the 2023-24 school year, undergraduate tuition and fees were \$62,484. Graduate school tuition and fees for 2023-24 totaled \$59,499, which included \$58,7467 in tuition and an additional \$753 in fees. 

08. Follow-Up Question Generation

After each response, the system suggests relevant follow-up questions.

斯坦福大学的学费如下：

- 对于支付全额学费的家庭，2025-26学年的本科学费将增加4%，达到67,731美元。 [Q](#)
- 标准食宿费用总计为22,167美元。 [Q](#)
- 普通研究生学费将增加4%。 [Q](#)
- 许多本科生将因经济援助而不会看到成本增加，大约三分之一的本科生家庭在2025-26学年无需支付学费，前提是家庭收入低于15万美元且资产符合标准。 [Q](#)
- 大多数研究生学费将继续由奖学金、研究或助教金全额覆盖。 [Q](#)

SUGGESTED FOLLOW-UP QUESTIONS

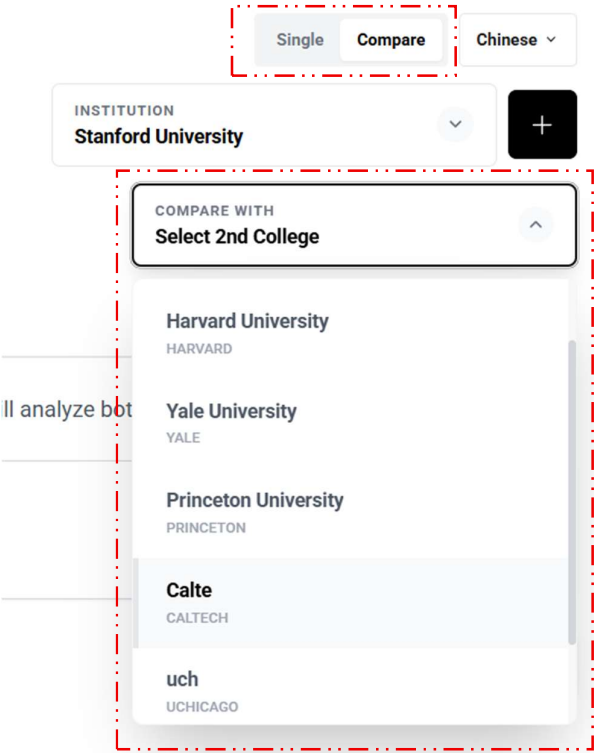

本科生获得经济援助的“资产符合标准”具体指什么？

除了学费和食宿费，本科生2025-26学年的总费用还包括哪些其他费用？

研究生如何申请文中提到的奖学金、研究或助教金来全额覆盖学费？

11. College Comparison Mode

This feature enables side-by-side comparison of two universities.

Helping users analyze differences in academics, admissions, and institutional characteristics.
